AFTER SCHOOL GOLD MEDAL DISCIPLINE & FOCUS!

**Hear what our parents say as the kids
earn their Gold Medals!**

“The ATL EXTREME WARRIOR I CAN PROGRAM for kids is exactly what our family was looking for. I watched my shy young man start beaming with confidence as he learned very positive, practical defense and leadership skills!”

PLC...Marietta

“My daughter has always had a very strong personality, and we were looking for the right way to direct her energies...at ATL EXTREME WARRIOR, she built on her natural confidence and tempered it with humility, courtesy and respect. She has become exactly the *ROLE MODEL* we hoped for!”

JPR...Atlanta

“We transferred from another school to ATL EXTREME WARRIOR, and boy, are we glad! Master Corley’s approach to helping the kids find their inner strength is really unique. Kids can learn punches and kicks anywhere, but Master Corley has created a *FUN* learning environment that will pay dividends for them for years to come. What a great move we made!”

RLG...Roswell

“Our sons were 7 and 8 when we started, one shy and one outgoing. We are so impressed with the way the instructors bring exactly what’s needed to each individual child. Master Corley’s is a *CUSTOMIZED* approach of martial arts; this is *PERSONALIZED* so each child grows at his / her own pace!”

DS...Alpharetta
