

CODE NINJAS®

TIMBER RIDGE ELEMENTARY VIRTUAL AFTER SCHOOL GAME BUILDERS CLUB

12 WEEKS

**EVERY TUESDAY
FROM 2:30 - 3:30
STARTS 8/25/20**

\$200 | 5% GOES BACK TO THE SCHOOL

In this club, students will explore the principles of designing and coding with Scratch, a block based programming language. We will start with learning the development lifecycle to plan, design, program and test computer games! Then we will progress to building some pre-designed games and take the skills we learn to create our own!
